Examiner Solis:

The purpose of this paper is to summarize the conversation of August 17, 2004 between Applicant's undersigned representative and Examiner Solis regarding the above-referenced application. The Office has acknowledged that the rejection of Claims 22, 25-27 as being anticipated by U.S. Patent No. 5,680,841 to Hu was issued in error. Specifically, the rejection is in error because the Hu patent is not prior art under 35 U.S.C. 102(b). The Office has further agreed to issue a supplemental Office Action that corrects this error and resets the statutory period for responding to the Office Action.

Should the Examiner believe that any additional information is required to correct this matter, the Examiner is invited to contact Applicant's undersigned representative at the below listed telephone number.
